

# KEEP AN EYE ON YOUR PANCREAS!

The pancreas is a large, elongated gland connected to the digestive system. It performs essential functions in support of our digestion and the regulation of our blood sugar.

Just two tests are all it takes to see how healthy your pancreas is

**Make sure your pancreas is in good shape with the CDC check-up**

- Pancreatic amylase
- Lipase

**SPECIAL PRICE DURING  
PANCREAS MONTH**

*If the results are outside the acceptable range, contact your GP*
