

Theme of the month: Rheumatic Illness

...What a Pain

Joint, muscle and lower back pain, stiff joints and bones, cold hands and dry eyes can all be symptoms of one of more than 100 rheumatic diseases from which more than 6 million Italians suffer. Contrary to popular belief, they are not due to a cold, damp climate but to a combination of genetic and environmental factors, and they can be prevented.

Have the CDC Rheumatic Illness Check-up

No appointment needed, no letter from your doctor, just pop in to the clinic - on an empty stomach, any day from 7.30 to 9.30 a.m.
