

# General check-up month

**Get the year off to a good start!**

**Take care of your health**

A busy lifestyle and the constant stress of everyday life take their toll on your body.

This makes it important to have regular check-ups to prevent problems from occurring or to identify them in the early stages.

All it takes is a few blood tests to obtain important information on how your body is working.

## **Take the check-up proposed by CDC**

No appointment needed, no letter from your doctor, just pop in to the clinic - on an empty stomach, any day from 7.30 to 9.30 a.m.
