

Rheumatic Diseases

Aching joints and muscles, lumbago, stiff joints, cold hands and dry eyes can all be symptoms of one of the more than **100 rheumatic diseases** from which more than **six million Italians** suffer. Contrary to popular belief, these diseases are not caused by a cold and wet climate, but are due to **a combination of genetic and environmental factors and can be prevented**. Early diagnosis is essential to prevent bone and tendon damage that can lead to major disabilities.
